Fantasize with Spellbinding Graphics

PrintMaster Plus owners can create even better cards, banners, stationery, posters, and calendars! **NewsMaster** owners can develop more attractive and imaginative newsletters, forms, bulletins, and reports.*

Now you can enhance your creations with artwork depicting a time long ago, a time of romance and adventure. Enclosed in this **Art Gallery: Fantasy** is a collection of 140 graphics depicting your favorite sword-and-sorcery images: wizards, fighters, clerics, dragons, basilisks, unicorns, castles, dungeons, scrolls, potions, gems, and much more. In addition, there is a special bonus of 20 large graphics for use with NewsMaster.*

The art is highly detailed and eye-catching -- the same quality you've come to expect from Unison World's team of artists.

*NewsMaster is only available on IBM PC and compatibles.

System Requirements:

NewsMaster, PrintMaster or PrintMaster Plus
Computer requirements listed on side of package.
